PROFILE

Certified UX/UI Designer & Web Developer with a strong background in Digital Security and Logistics. I specialize in creating user-centric digital solutions that prioritize security, accessibility, and streamlined workflows. Leveraging my experience in risk assessment and technical troubleshooting, I build intuitive interfaces for complex environments. Currently managing freelance web projects while ensuring operational excellence in logistics and health and safety coordination.

PROFESSIONAL EXPERIENCE

Freelance UX/UI Designer & Web Developer Jan 2024 – Present

Remote / Independent

- Designed and deployed responsive web applications using Figma and HTML/CSS.
- Conducted user research and usability testing to improve conversion rates for client websites.
- Collaborated with small business owners to translate business requirements into high-fidelity prototypes.

Logistics Coordinator & H&S Deputy Oct 2024 – Present

Sol henkilöstöpalvelut, Finland

- Coordinating warehouse management and optimizing inventory efficiency.
- Acting as First Deputy for Health and Safety, ensuring compliance and risk mitigation.
- Developing workflows and improving operational data entry systems.

Digital Security Specialist Mar 2022 – Dec 2023

Thales Oy, Finland

- Assessed information security risks and identified system vulnerabilities.
- Designed security solutions including encryption and access control protocols.
- Conducted forensic investigations and developed security policies.

IT Support Specialist May 2010 – 2012

Sigma Consell, Tunisia

- Provided software support and resolved complex configuration issues.
